

Fingerprinting Scholarship Application

San Francisco Unified School District mandates that all school volunteers be fingerprinted for a background check. This procedure costs \$73.00 per person, but we do not believe that anyone should be turned away due to lack of funds. If you cannot pay the full amount, please fill out this scholarship form and we will fundraise to make up the difference. The information that you provide on this form is confidential, and will only be used to verify that you cannot pay the full amount.
