

PARTNER IMPACT REPORT

For the past eight years, Xoom has provided volunteer and financial support for Junipero Serra Elementary School (J Serra) and has become their trusted community partner. This year marked the return of in-person learning, and Xoom remained dedicated to J Serra, providing resources which made the school year easier for not only students, but also teachers.

With Xoom's generous financial contribution, the school was able to bring back many extra-curriculars which may not have been funded without the support. Teachers were also able to buy new books, classroom supplies, and technology to help refresh their classrooms after the year of distance teaching.

This year also marked the return of field trips! Xoom sponsored several special field trips including at Slide Ranch, an organic farm 30 minutes north of San Francisco on the coast, with goats, sheep, chickens, ducks and bees, spectacular protected coastal lands, with trails and tidepools to explore. Xoom also covered the buses and admission to Fort Baker, a historic army post in Sausalito, and Bay Area Discovery Museum. The students had such a wonderful time on the field trips, and their parents/guardians were also pleased because their children had experiences without any financial burden on families. We are excited to see what next year brings for this partnership!

JUNIPERO SERRA ELEMENTARY SCHOOL

2021 - 2022

"Our community is just appreciative of your on-going support to J. Serra over all the years. As a partner, XOOM and you have been patient, flexible and most certainly, generous!"

- Katerina Palomares
J Serra Principal
